An
English Doctor
writes:—

"I find that 'Bisurated' Magnesia taken after most of my meals is the only thing that keeps me free from pain and discomfort, and I take it regularly. I often prescribe it for my patients, and have had very good results."

(Signed) Dr. H. G. M.A., M.R.C.S., L.R.C.P.

THE English doctor is the most conservative medical man in the world, and when he not only recommends but personally uses a remedy there can be no more convincing proof of its efficacy. This doctor is but one of many who constantly advise the use of 'Bisurated' Magnesia in all cases of indigestion. Most stomach trouble is caused by acidity, and the reason why 'Bisurated' Magnesia gives quick relief is that it instantly neutralises excess acid and soothes, heals and strengthens the inflamed stomach lining. Nothing could be simpler, safer or surer. If you suffer with indigestion or stomach disorder of any kind put your faith in European science and make an end of your troubles by taking 'Bisurated' Magnesia after eating or whenever pain is felt.

DEATH OF MR. W. G. GARDINER

LONG ASSOCIATION WITH GLASGOW

Generous Benefactions To University

(Special Air Mail Service)

London, Nov. 8. We regret to announce the death of Mr. William Guthrie Gardiner, of Morag, Stirling, at the age of 87. Mr. Gardiner was the fourth son of the Rev. Andrew Gardiner, D.D., and Jane Guthrie. On both sides the family was closely associated with the Church. His father was minister of Kincardine-on-Forth and later of Dean Street Church, Edinburgh; and Mrs. Gardiner's brother was the Rev. John Guthrie, D.D., of Greenock and later of Glasgow, the father of the eminent portrait painter, Sir James Guthrie.

Throughout his life Mr. Gardiner looked back with feelings of deep gratitude to his mother's life of self-sacrifice and devotion. She brought up a family of eight on an inadequate stipend.

A GREAT PHILANTHROPIST
After a diversified business experience in his early years he joined his brothers, James and Frederick C. (now Sir Frederick), in the shipping firm of James Gardiner and Co., Glasgow.

Previous to his retirement in 1918 after an arduous business life, Mr. Gardiner had taken up residence in Stirling, where he devoted his time and means to charitable and philanthropic objects. He was a director, and later chairman, of the Stirling Royal Infirmary.

When it was found necessary to build a new infirmary, Mr. Gardiner threw himself into the work involved with characteristic vigour. He was determined that the new building should be opened free of debt, and in no small degree due to his unceasing efforts this end was accomplished.

Of a retiring disposition, Mr. Gardiner took little part in the public life of the community, but he was ever active in the cause of charity, and was always ready to lend a helping hand to those in need.

"PRINCE OF BEGGARS"

In raising money he might fitly be described as a "prince of beggars." He spoke from the vantage ground of a generous and indomitable giver. He extracted subscriptions from unlikely quarters, and they were not infrequently by request reported as anonymous. He went about his job with the utmost discrimination, and confined his appeals to those he knew could afford to give. "My name is Gardiner," he would say to a cashier in an office. "Tell your master I want £100 for (say) the Seamen's Friend Society, and I am not leaving till I get it."

On other occasions he would write what he called "one of his beautiful letters" (and they were beautiful), sometimes quoting with deadly effect the following verses from the 3rd chapter of Proverbs:—"Withhold not good from them to whom it is due when it is in the power of thine hand to do it. Say not unto thy neighbour 'Go and come again and to-morrow I will give,' when thou hast it by thee."

HIS SOUL SINCERE

Among Mr. Gardiner's public benefactions he founded in Glasgow University in conjunction with his brother, Sir Frederick C. Gardiner, Chairs of Organic Chemistry, of Physiological Chemistry, and of Bacteriology, and the Gardiner Chair of Music. He also joined with his brother in founding the Gardiner Lectureship in the Pathology of Diseases of Infancy and Childhood.

While resident in Glasgow, Mr. Gardiner took an active part in various societies engaged in philanthropic work, especially in those connected with shipping.

With his dislike of publicity Mr. Gardiner seemed to his friends to hold a very modest estimate of himself. Nothing was more characteristic of him than humour which was constant and delightful, only equalled by his kindness and geniality.

"Large was his bounty and his soul sincere."

Those who knew him intimately will cherish the memory of a unique personality. They found combined in him a rigid devotion to duty, great warmth of heart, a self-discipline born of the early manse days that lingered to the end—and from the same source a

CRICKET BAT A HEIRLOOM

Keeping the 'Century' Alive

(Special Air Mail Service)

London, Nov. 8. More than 70 years ago a young man was the proud member of a team of 22 cricketers who played an M.C.C. eleven.

He scored a century—then he was clean bowled. He was so pleased with his innings that he did not use the bat again, but preserved it.

To-day the will of his son, Mr. Albert Vivian Moore, of The Hurst, Hagley, Worcestershire, partner in a Stourbridge iron and steel firm, who died on July 4, aged 62, and left estate of a gross value of £18,482, shows how the memory of the "century" is to be kept alive.

AN HEIRLOOM

One of the bequests of his will is:

The "All-England cricket bat" left to his son, Christopher Edward Moore, formerly belonging to his father, William Henry Moore, together with the printed account of the cricket match, after which the said bat was presented to his father; and it was the testator's wish that his son should not dispose of the bat... but should bequeath it to his heir-at-law in such a way that it should devolve as far as possible as an heirloom.

Mr. C. E. Moore told the "Evening Standard" to-day: "The bat hangs in my hall with the silver plate upon it bearing a small inscription."

"Although in good condition it will not be used, but will be handed on as my father wished."

THE ELEVEN WON

"The match took place in 1863 between 'The 22 of Walsall' and the M.C.C. eleven 'Of All England'." "The 'Eleven won after a two-innings match—by eleven runs."

COST CLUBS

£20,000

Griffiths Up To Total Of Gallacher

(Special Air Mail Service)

London, Nov. 8. Tom Griffiths, Aston Villa's new centre half back from Middlesbrough, must be very nearly worth his weight in gold—as represented by the exchanges in which he has figured on the transfer market.

Everton paid something like £2,000 when they bought him from Wrexham; it cost Bolton round about £5,000 to move him from Everton; and the Borough were said to have paid £6,000 for him when he left Burnley Park.

Now the Villa have bought him at a fee which cannot be much less than £7,000—which means that Griffiths has figured in deals worth approximately £20,000.

Thus Griffiths may be said to have equalled the record sum produced by any individual player in transfer fees; for £20,000 also represents the money paid for Hughie Gallacher during his travels from Aldridge to Derby County, via Newcastle and Chelsea.

Allen, whom Griffiths will probably displace in the Villa team, cost, of course, £10,750—the highest sum ever paid in one deal.

The Villa's likely plan, I am told, will be to move Allen to left back, and it is interesting to note how many centre halves have lately been converted into backs.

Griffiths has himself been playing left back for Middlesbrough, Hodgson is now making a name as a left back with Grimsby, and Derby County and the Wolves have experimented with Jessop and Hollingsworth with similar success. Maybe the Villa will be as lucky.

profound love of the Scottish Psalter, in which his frequent experience as choirmaster in his father's church made him an expert; a personal humility in contrast to his strong character, and an intense desire to deal faithfully with the means of doing good which had fallen to him; together with a rich humour, entirely his own, which for long will make his friends greet his memory with admiration and happy remembrances.

Mr. Gardiner is survived by his wife.

LORD HEWART'S REMARKS

"Disgraceful State Of Affairs": Irregular Hearing

"It is apparent that these proceedings reached the high-water mark of irregularity, not to use a harsher expression."

The Lord Chief Justice, in a King's Bench Divisional Court, made this criticism on October 30 of the Justices of the Market Bosworth (Leicestershire) Petty Sessions Division, who heard a motoring case in which they fined Mr. Sidney Walker, of Hinckley, £3 on a charge of dangerous driving. His licence was not endorsed, the Justices stating that the offence was not serious enough for that.

Mr. Walker now claimed that the proceedings were void, because he was not informed of his right to be tried by a jury until the case nearly was over. He should have received that warning at the outset.

The Chief Constable of Leicestershire appealed against the refusal of the Justices to endorse Mr. Walker's licence, contending that, once a conviction was recorded in that class of case, the Justices must endorse the licence.

Lord Hewart, announcing the decision of the Court, said the appeal disclosed a somewhat disgraceful state of affairs.

Though not told of his right to a hearing by a jury till the prosecution case was closed, Mr. Walker, acting on his solicitor's advice, consented to the case proceeding, subject to an objection that the prosecution could not be proceeded with at all.

CONTUMACIOUS

It was perfectly obvious, said the Lord Chief Justice, that the Justices, in taking that course, did something which, for a long time, had plainly been indicated as unlawful.

"As this man was not informed at the outset of his right, the proceedings became a nullity, because of the omission of a fundamental matter," he continued. "The Justices have realized they were wrong, because they have stated, 'It appears that we convicted without jurisdiction.'"

"When they arrived at their decision, they proceeded to change the Act of Parliament which enacts that, when a person is convicted of this particular offence, his licence shall be endorsed. The duty to endorse is imperative after conviction."

"Not content with proceeding to deal with a case without jurisdiction, they arrived at a conclusion flatly in contravention of the Statute under which the information was laid. Nothing more contumacious can easily be imagined," his Lordship added.

NEW COACH FOR ASTON VILLA

Waring Put On Open Transfer List

(Special Air Mail Service)

London, Nov. 4. The resignation of Mr. James McMullan from the management of Aston Villa was followed by two important announcements by the Midlands club yesterday.

Frank Barson, the former Villa, Manchester United and England half-back, will take charge as coach of all players on the club's book.

And Thomas Waring, the Villa's international centre-forward, has at his own request, been placed on the open transfer list.

Barson, who has been coaching the Birmingham club's third team this season, yesterday took 14 of the players to Rhyl for a week's special training. Houghton, Blair and Gardner are in the party, with the team which lost to Leeds United last week-end.

Waring has been unable to command a regular place in the League team this season. He was secured from Tranmere Rovers in 1923 at a £4,700 fee, having taken over the centre-forward position in the Third Northern team when Dean was transferred to Everton.

His most successful season with the Villa was in 1931, when he scored 49 goals. In the following season he played for England against Ireland, Scotland, and Wales.

EXHIBITION OF CHINESE ART

Keen Interest By Foreigners

London, Nov. 29. The Duke and Duchess of Kent will accompany Their Majesties the King and Queen to the Chinese Art Exhibition on Sunday. Other members of the Royal Family will also attend.

There is every indication that the exhibition will be an unprecedented success. Yesterday, the first day on which the exhibition was open to the public, there were over three thousand visitors, which is a thousand more than on the first day and is believed to be a record. To-day, despite the fact that the admission fee was five shillings, the galleries were crowded. Turnstile keepers, asked how this compared with bygone exhibitions, said "it is extraordinarily good; there has seldom been anything like it."

MANY FOREIGNERS

In the entrance hall, where two pretty Chinese girls in lovely red Chinese silk dresses were assisting, a brisk trade was done in photographs of the exhibition. The number of foreigners visiting the exhibition is astonishing; the language of every country in Europe was heard to-day. Nearly forty recognised specialists in Chinese art, four from Germany alone, have arrived, being sent by newspapers from most European

countries to write up the exhibition.

ENQUIRIES FOR CHEAP TRAVEL TO CHINA

A leading firm of Paris dress-makers is bringing out a long series of new costumes incorporating Chinese influence.

Enquiries from literary, cultural and commercial institutions throughout the Continent regarding cheap travel and entrance facilities are pouring into Burlington House daily. The British textile world is keenly interested. The President and entire Council of the Bradford Chamber of Commerce is arranging a visit to the exhibition as a result of the reports specially sent to it.

CROWN PRINCE OF SWEDEN

Six Percival David is to-day inaugurating a series of sixteen lectures, arranged by the Royal Society, in premises adjoining Burlington House during the course of the exhibition. The Crown Prince of Sweden will preside. The demand for tickets is three times the capacity of the hall. Already every seat for the whole series has been sold out.

There is a noticeable tendency among visitors to concentrate on one gallery, indicating an intention to make further visits. The most popular room to-day appears to be that in which the Shang-yin and Chou bronzes are exhibited. Many exclamations were overheard in admiration of their beautiful shapes and rich designs.

TRAGIC SHOOTING IN U.S.A.

Mother Fires At Son With Rifle

Santa Barbara, Nov. 29.

Fifteen-year-old Jesse Livermore, Jr., son of the famous Wall Street operator, was shot by his own mother, according to the Under-Sheriff's office here, which issued a statement following the removal of the youth to hospital. His mother, in an hysterical state, was taken to hospital with him.

The police are charging Mrs. Livermore with the shooting.

A statement says that both mother and son had been drinking and according to a guest who witnessed the incident, Mrs. Livermore told her son she would sooner see him dead than drinking to excess.

The boy then went to a cupboard and got a rifle and handed it to his mother, saying:

"Well, here you are."

The mother fired the rifle and the bullet entered the boy's chest.

Mrs. Livermore divorced her husband in 1932, remarried him and re-divorced him in 1934.

It is feared that the wound received by Jesse Livermore, Jr., will prove fatal.

General Badoglio's first official action was to order the disarmament of the entire population of the occupied territory. This measure is being carried out with the greatest vigour since recently the Italian troops have been frequently attacked in the rear.

Abyssinian deserters are also required to hand over their antiquated arms in exchange for which they receive brand new Italian rifles. Their chiefs must answer, with their heads, if these arms are ever used by their followers against the Italians.

Physicians emphasize :

"Take Kalzana to conquer Weakness"

MINERALS play a very important role in the body, for a shortage of these minerals is always followed by weakness and ill-health.

Any single organ may be first to suffer. In some people it will be the teeth which show up the existing mineral deficiency. Others will lose their power of resistance to colds and diseases. In women—irregularities of the functions is mostly due to the same cause: lack of vital minerals. Physicians now advise "take Kalzana tablets because they conquer the mineral deficiency." Kalzana brings exactly those vital elements into the body, the lack of which causes so many complaints. Kalzana was made to infuse these elements into the body, it is the outcome of patient research by that famous scientist Prof. Loew.

Follow the advice of Prof. Loew and thousands of physicians, and make Kalzana a daily addition to your diet. Then you will soon notice how much better and stronger you feel.

Kalzana

THE MINERAL FOOD FOR BETTER HEALTH

Obtainable at all Chemists and Stores.

Made by the Manufacturers of SANATOGEN and FORMAMINT.

"Whenever there is evidence of disfunction in the body, lack of minerals is probably a contributing factor," writes Dr. F. W. B., London

"After a course of Kalzana the general condition improved, tiredness disappeared, the patient became more cheerful and the entire organism got strengthened and rejuvenated," writes Dr. C. L. R.

KALZANA the discovery of Prof. LOEW

A few typical symptoms of mineral deficiency are:

General Weakness

Anæmia

Nervous Irritability

Skin Troubles

Tooth Decay

Low Resistance

to Colds and Infections

Feminine Complaints

The opinion of leading Medical Papers:—

"The Tung-Chi Medical Paper" writes:

"The regular administration of Kalzana in sufficient doses maintains normal blood alkalinity, replaces excessive loss of calcium from the tissues, markedly relieves many of the distressing symptoms of disease, and definitely assists the body to overcome the infection."

That is the explanation why Kalzana is prescribed on an ever increasing scale by medical practitioners, and it has been scientifically proven that physicians can rely upon Kalzana.

That well-known Medical Paper, "The Practitioner," writes:

"Kalzana acts efficiently in promoting the growth of strong bones and healthy teeth—in reducing blood pressure and stimulating the glands and blood-forming organs."

"Kalzana is indicated in the diet of expecting and nursing mothers, and of rapidly growing children and in all conditions where a mineral food is required, particularly because Kalzana promotes calcium retention."

The Laval Government's majority on the finance issue was larger than was anticipated and it is now expected that the Government will win through its second crisis, the Fascist League debate, scheduled for next week.

The Chamber voted 324 against 247 in support of the Government on the second important division in two days.

During to-night's debate the Finance Minister, M. Renner, said the fight of gold from France was a catastrophe. It had been going on since November 4. He therefore asked for a massive vote to enable him to take measures against speculators and newspapers campaigning to bring the nation to the threshold of panic.

The motion on which the vote was taken was proposed by the Left Centre and Radical deputies, and reads: "The Chamber, observing the temporary character of the economy decrees, and having confidence in the measures to defend the franc, calls upon the Government for immediate alleviations in favour of the small civil servants, rentiers and ex-servicemen."

M. Laval, the Prime Minister, made a quiet and dignified appeal, and gave as an example that France might follow England's policy when she faced the same difficulties and resorted to the same remedies. He thanked the Radicals for their support. The vote was then taken.

THE GOLD CRISIS

M. Pierre Laval, the French Prime Minister, is trying to surmount another difficult hurdle, following yesterday's success in defeating the split opposition. There are numerous speakers in the Chamber to-night, criticising his financial policy, but there are Radicals who appear to be supporting him, unexpectedly.

It is expected that the Prime Minister will demand a second vote of confidence late to-night and it is anticipated he will obtain a smaller majority than yesterday.

The critics have contrasted the British and French policies, to the detriment of the latter.

One of the most important utterances of the afternoon session was delivered by M. Paul Reynaud, the Right leader and former Finance Minister, who strongly appealed for devaluation. He declared that France's loss of gold could not continue much longer. Devaluation, however, should be carried out at a time of calm and not in a crisis. Britain and the United States had practically overcome the depression through devaluation while France was dragging herself through a slough of misery, with unemployment rising. The crisis was now at its worst in countries which had failed to solve the problem of the high cost of living.

"If England in 1931 by means of sacrifices had maintained the pound sterling despite the collapse of world prices, it would have meant an 'indescrutable catastrophe for the whole world' said

2,500,000 BOY SCOUTS

A Movement Covering 47 Countries

(Special Air Mail Service)

London, Nov. 11.
The growth of the boy scout movement from a small experimental camp in 1907 on Brownsea Island, off the Dorset coast, to a world-wide organization of nearly 2,500,000 members is referred to in a statement issued yesterday by the International Headquarters in London. Figures obtained during a recent census show that there are 2,472,014 boy scouts, and that the movement is established in 47 countries.

The first world census was taken in 1925, two years after the formation of the Boy Scouts' International Bureau, when the total was 1,019,205 boy scouts in 32 countries. Subsequent totals have been:—1929, 1,344,360; 1932, 1,662,707; 1933, 1,772,112; 1934, 1,971,316; 1935, 2,039,349; 1936, 2,251,716; 1937, 2,472,014.

The countries in which recognized scouts existed in 1935 were:—Albania, U.S.A., Argentina, Austria, Belgium, Brazil, Chile, Czechoslovakia, Denmark, Ecuador, Estonia, Finland, France, British Empire, Greece, Holland, Hungary, Italy, Japan, Latvia, Liberia, Luxembourg, Norway, Peru, Poland, Portugal, Rumania, Siam, Spain, Sweden, Switzerland and Yugoslavia.

Since 1923 the following additional scout associations have been recognized:—Afghanistan, Armenian Scouts, Bulgaria, Colombia, Cuba, Dominica, Egypt, Guatemala, Haiti, Iceland, Iran, Liechtenstein, Lithuania,

"THE CASE OF THE CURIOUS BRIDE"

A new and baffling mystery thriller, "The Case Of The Curious Bride," a First National picture screened under the auspices of the Queen's Theatre, with Warren William and Margaret Lindsay in the featured roles.

The picture is based on another one of the exploits of Parry Mason, brilliant criminal lawyer and detective. The story deals with the "curious bride" who weds a wealthy youth, believing her first husband to be dead. The first husband, however, had fooled the authorities by slipping a wooden cigar store Indian into a casket, and after his wife's second marriage turns up to blackmail her.

"THE LOVE HABIT"

"An architect can make plans for everyone but himself" says Dubois in the merriest matrimonial mix-up of the year in "The Love Habit." But when his secretary tells him that his work of art, the Antoinette building, in which his lady love resides, is on fire, thereby giving him a chance to have a "night off" from his wife, he might have seen that there is some virtue in being an architect, and not have been late on discovering there were no flames to combat. See more of it at the Star Theatre to-day.

"DRESSED TO THRILL"

"Dressed to Thrill," a bright and tuneful picture of lovers in Paris, filled with ingenious twists and romantic thrills, launches Tutta Rolf, Fox Film's glamorous new European star, on her American film career. Miss Rolf is coupled with Clive Brook in the romantic lead of the picture which comes on Thursday to the King's Theatre.

In a screen play bristling with the brilliant dialogue and mirthful situations devised by Samson Raphaelson, Miss Rolf plays the role of a jilted woman who had revenge at her finger tips, but gave it up because love proved too strong.

"CALL OF THE WILD"

At The King's To-day

Thrilling Jack London adventure-story of the Yukon gold rush, featuring Clark Gable, Loretta Young and Jack Oakie, "The Call Of The Wild" will appeal to all lovers of the out-doors for its full-blooded pioneering background, the beautiful photography of the northern rivers, and the extraordinarily fine acting of all members of the cast.

Loretta Young, as the woman in the story, is found by the two men, surrounded by wolves after she had been lost whilst in the company of her husband. She is engaged in a search for the same reef of gold that is the object of Gable's and Oakie's search. Her husband has been lost for days and he is therefore presumed to be dead. A romance is started between Clark Gable which is eventually complicated by the return of the man thought to be stark in the wilds.

An excellent picture highly recommended to all.—N.M.

"THUNDER MOUNTAIN"

At The Alhambra

"Thunder Mountain" adapted from the latest novel written by Zane Grey, is featured in the current run at the Alhambra Theatre, with George O'Brien in the leading role. The story is full of action and deals with the gold-rush days when all went wild to stake a claim. O'Brien, with his splendid physique, is ideally casted and gives a convincing performance.

He is supported by Barbara Fritchie in the feminine role, and other players of note, all give convincing portrayals of the rough and ready individuals that predominated then.

For those who like clean and exciting entertainment, this picture is strongly recommended.—J.F.

"ANNAPOLIS FAREWELL"

The production of Paramount's "Annapolis Farewell" featuring Sir Guy Standing, Richard Cromwell, Tom Brown, now showing at the Queen's Theatre, filmed in the United States Naval Academy at Annapolis, Md., entailed one of the most difficult directorial jobs ever faced by a motion picture director. The assignment meant for Alexander Hall thirty days of constant work and on each of these days he found that he had to accomplish twice as much work as a director ordinarily encounters in producing a feature film.

HONG KONG RIFLE ASSOCIATION**Air Force Attends Shoot**

There was another good attendance of members on the naval range at Stonecutters on Saturday afternoon, when the consistent improvement, brought about by steady and regular practice, was particularly noticeable in the case of those who were firing with the rifle "as issued."

For the first time, members of the Royal Air Force, stationed in Hong Kong, also, attended this shoot, so that the Association is now representative of every branch of the Fighting Forces, as well as of the Police, affiliated Rifle Clubs, and others.

The weather conditions were excellent, although some members found the wind at the longer ranges somewhat difficult to compete with, although this did not trouble Petty Officer Mayo, of the Royal Navy, nor Sergeant Warwick of the Royal Marines, who carried on a ding-dong struggle for the premier position to the last shot, when P. O. Mayo won by the close margin of one point. As regards those who were using the class (a) rifle, Corporal Powell, who has made great improvement of late, was easily first, while Private Peckham, of the Royal Army Service Corps, who won the "Grimes" Spoon last month, by virtue of his having shown the greatest improvement during October, won the handicap Spoon.

It is announced that Sapper J. W. Daniels, of the Royal Engineers, has won the "Grimes" Spoon for the month of November.

THE RESULT

The following are the leading scores made in the spoon and practice shoot competition fired on the Naval range at Stonecutters on Saturday afternoon last:—

RUGBY**Club Defeats The Army**

A game with plenty of knocks featured the rugby match between the Club and the Army on Saturday, played at the Valley ground which resulted in a victory for the Club by 18 points to 13, although the latter were handicapped in the second half in that they had to play with 13 men.

Floyd opened the scoring for the Army for Gillespie to add the points, but McGillchrist gathered a long pass from Powell soon after to ground wide of the posts, Robertson adding the points with a grand kick to bring the scores level. Just before the interval McGillchrist added his second try, but Robertson failed with the kick. Deane was injured at this stage and left the field.

FURTHER SCORING

In the second half the Club went further ahead through Scott, who cleverly intercepted a pass to ground near the posts. Robertson converting. Soon after, Butcher broke clean through the Army defence from a scrum on the 25-yard line and converted his own effort. In running for the ball McGillchrist twisted his ankle and left the field for good.

From this stage the Army held the upper hand and Ap-Rhys Phye broke through from a 5-yard scrum for Gillespie to add the goal points. Soon after Carter scored the Army's third try, but Gillespie's kick failed. No side was given soon after.

Mr. D. W. MacEwen refereed.

COMBINED SIDE LOSE EXCITING MATCH

An excellent rugby game between a combined side comprising the Club, Navy and Army and H.M.S. Dorsetshire was witnessed on the Club ground, when the ship's team won by a goal and a penalty goal (8 points) to nil, after a scoreless first half.

Both sides were very evenly matched, grim tackling and fine three-quarter movements being the outstanding features of the game. The two full backs, Preece, for the combined side, and Thomas, for the Dorsetshire, were outstanding, while Metcalfe and Munro were the pick of the three-quarters on display. North-Lewis was the best of the halves.

Thomas opened the scoring in the second half with a penalty goal and soon after Fraser went over for Thomas to add the points.

NEW LAWS IN THE F.M.S.**Seven Bills Passed**

Singapore, Nov. 20.
Seven Bills were passed by the Federal Council on Thursday.

The first—the Treaty of Peace (Covenant of the League of Nations) Bill, 1935, gives effect in the F.M.S. to financial sanctions against Italy.

The bill prohibits loans to the Italian Government or to persons in Italian territory, and follow the action taken by the United Kingdom and other countries for bringing into effect the decision adopted by the Co-ordinating Committee of the League of Nations under Article 18 of the Covenant.

By the Register of Criminals (Amendment) Bill, 1935, fingerprints and photographs no longer need be taken of those convicted for lesser offences, and serving terms of imprisonment in default of payment of fines not exceeding \$25.

PROBATES

The Judgments (Reciprocal Enforcements) Bill, 1935, was made necessary as a result of the extension to the F.M.S. of international conventions relating to the reciprocal enforcements of certain foreign countries, and enables the obligations imposed by those conventions to be fulfilled.

The arrangements contemplated by the Bill are more complete than those of the Judgments (Reciprocal) Enactment, 1922. The Probate and Administration (Amendment) Bill, 1935, relieves the Official Administrator of the obligation of applying for Letters of Administration or for probate if no application has been made by others within six months.

It also provides that clerk's salaries for work done within three months of the death of the employer shall rank payment before other debts.

SAVING BANKS

The Savings Bank (Amendment) Bill, 1935, gives the Government of the F.M.S. power to vary the rate of interest payable to depositors in the F.M.S. Post Office Saving Bank.

Other Bills passed were: The Destruction of Court Records Bill, 1935, and the Stamp (Amendment) Bill, 1935.

The afternoon was devoted to the sitting of the Select Committee, and the Council meets again in the morning for the Debate on the Adjournment.—"Free Press."

CORNWALL AT PLAY**Rugger Match At Singapore**

Singapore Nov. 19.
R.A. (Blaken Mat) 10:10
H.M.S. Cornwall 0.

A team of Gunners from Blaken Mat beat a fifteen from H.M.S. Cornwall in a hard-fought but somewhat scrappy game of rugby football on the S.C.C. ground yesterday by two goals (ten points) to nil.

The Navy side had the better of the exchanges, territorially, for fully three-quarters of the hour, but they appeared to have shot their bolt in their last fifteen minutes and the Gunners much the fresher side, scored two good tries, both of which were cleverly converted by Nichols, the stand-off half.

A change in the halfback line on the Navy side, at half-time, when Rowlandson went to stand-off and Sturdy took his place at inside right in the three-quarter line did not prove effective, and the Gunners were never really in danger of having their line crossed after the interval, although in the first half it looked as if the Navy side would score at any moment.

FORWARD BATTLE

The game was largely a forward battle, with the Navy team heeling out more effectively and the Gunners having the better of the line-outs. Tackling was good on both sides, but the passing of the three was faulty and touch-kicking except on a few occasions was poor. Steward, who played a hard game in the Gunners' front line had had luck in his shoulder in a tackle. He retired from the game about ten minutes from the end.

Defending the land-end goal, the Navy team kept the Gunners penned in their own twenty-five for long period.

ANOTHER TREAT FOR MUSIC LOVERS

Capital Concert At
Helena May
Institute

We musical people in Hong Kong have learned to look with a considerable amount of gratitude to the Helena May Institute for providing the facilities it does for the performance of good music. There now exists a tradition that here the audience can come with the preconceived idea of listening to the best music, and performers themselves can (or should) present items of the highest standard, which they might not find so acceptable on the ordinary concert platform.

Fortunately there is no dearth of good musicians and sincere artists in the Colony, and, in addition, there is also a large body of keen "appreciators" whose sympathetic encouragement makes performance possible.

A JOINT RECITAL

On December 5 at the Helena May Institute (5.30 p.m.), the third concert of the season will be shared by Mrs. Anderson Miller (soprano), and Lt.-Col. C. H. Kuhne (pianoforte). As a pair, these artists are better known to wireless listeners, as, extending over a period of two years, Mrs. Anderson Miller has given a most interesting series of "Studies of Great Composers." With songs drawn from an extensive repertoire, she has taken Early English, Classical, Romantic, National and Contemporary Composers in turn. In this series, she has been artistically accompanied and supported by Lt.-Col. C. H. Kuhne. The two will now give a joint recital in public, and have arranged a programme which will exemplify all these various styles. In building a programme of this description, it is naturally difficult to know what to leave out, as so much beautiful music claims admission. Considerable pains have, however, been taken to provide items grouped and contrasted as artistically as the short time will allow.

SONGS OF DEBUSSY

Mrs. Anderson Miller will begin the recital with a recent arrangement of one of Debussy's songs, "O, Peace, thou fairest child of Heaven," and then will follow the beautiful aria from Bach's Cantata No. 192, "Stone beyond all jewels shining." Her second group will include Schumann's "Er, der Herrliche von Allen"—perhaps the greatest song he ever wrote—and Brahms's "Meine Liebe ist grün." French, German and Russian composers will be exemplified in the next group by songs of Debussy, Marx Medner, etc. A group of representative modern and contemporary composers will follow, in which an item of interest will be Debussy's "Lullaby for a Modern Infant"—a piece composed for piano with wordless melody. The singer will conclude the programme with Frederick Austin's golly arrangements of "The Twelve Days of Christmas."

PIANO SOLOS

Besides undertaking the arduous task of accompanying this recital, Lt.-Col. C. H. Kuhne, between the groups of songs, will contribute various pianoforte items. Bach, Schumann, Scriabin and other composers will be represented. He will also play two intermezzi of Brahms and will conclude the first half of the programme with Beethoven's "Sonata quasi una Fantasia" (commonly known as the "Moonlight" Sonata).

Representing as it does, so many different schools of musical composition, the programme, it is hoped, will please all tastes, and receive well-merited support. It is learned with pleasure that Lady Southern O. B. E. has graciously expressed her intention of being present.

Contributed.

CHINESE MUSIC

Capital Concert At St.
Paul's Church

The concert held at the St. Paul's Church on Saturday proved a great success. All the artists with the exception of Mr. Lindsay Lafford were Chinese.

Something in the way of delightful and sweet Chinese music was presented to the audience much to their appreciation.

Mrs. B. L. Lum is the possessor of a sweet, pure soprano, with greater power and volume in the upper than the lower register, which was heard to advantage in her solo "Come Unto Me." Mr. O. Y. Luen, an executant of marked ability, gave three well-rendered violin solos, the third being the charming "Berceuse" of Rudolf Friml. Of Mr. Lindsay Lafford's organ contributions there is no need to speak, except to mention appreciatively his rendering of two dainty morceaux by Volsteadholme, "The Question" and "The Answer."

One very delightful item given by the Choir was an old Chinese air, a "Farewell Song" harmonised in the Western scale. The choir-master and conductor, Mr. Andrew Chan, is to be heartily congratulated on the Choir's performance.

During the first five months since the introduction of the 5d. minimum rate for telegrams, the British Post Office has dealt with over 4,500,000 more than in the corresponding period last year, an increase of 30 per cent. "Greetings" telegrams proved remarkably popular.

SATURDAY'S RACING: VIXEN TOR SENSATIONAL WIN

CLOSE FINISHES ORDER OF THE DAY

Mersey And Emergency Call Dead Heated In Comrie Handicap

Close finishes were the order of the day at the Thirteenth Extra Race Meeting of the HongKong Jockey Club held on Saturday.

In one of the most thrilling and exciting races seen for a long time, Mersey with Mr. Deltz up, and Emergency Call with Mr. Black up, dead heated for first place in the Comrie Handicap (2nd Section), which incidentally was the second leg of the Daily Double.

Successful backers of the Daily Double were each rewarded with \$79.80 a piece, while in the same race, Solar Star and The Rain Gauge also dead heated for the third place. The closeness of the race can be gauged from the fact that there was only a short head that separated the first two places, and backers had an anxious time awaiting the decisions of the judges.

Dividends on the whole were only up to medium, while the soft condition of the track did not help going much. The inclement weather of the previous day, cleared sufficiently well for a good afternoon's racing.

The champion jockey, Mr. Leo Frost, came in with a first and a second, while Mr. N. Deltz came in next with a first and a second. Messrs. Ralph and Black each had a first and a third.

THE "EWO" HANDICAP

The desultory weather on Thursday and Friday cleared up sufficiently for the first race to start with a weak sun peeping out. The track was on the soft side. Ten starters went off for the Unofficial mile race for the "Ewo" Handicap. The race was run under handicap by distance instead of by weight. Bootle and Kung each received 150 yards. Bootle led from start to finish and won with many lengths to spare. Lion Hunter (100 yards) and Mersey (75 yards) came in second and third respectively.

CRIEFF HANDICAP—"C" CLASS

Harvest View with Mr. Fung up led from start to finish in a well judged race. The first quarter saw Pride of Tsingtao taking second place but at the Football Stand, High Honour displaced Pride of Tsingtao, and these three positions were maintained till the last quarter. Harvest View still led and Blaire came up to second with Monoplane third.

Monoplane, however, overtook Blaire and came in second by half a length.

COMRIE HANDICAP—"D" CLASS

The five furlongs dash for the Comrie Handicap attracted 12 entries. Belmont Star was restive and kept the start awnle. When the start was eventually made Belmont Star led, followed by Flyby-night who was however displaced by Rousseau at the last quarter. At this stage the ponies bunched together and after the first four ponies had led at one stage or other, Tillicum came to the front to take the lead at the last 100 yards, with Copper Idol second and Philanderer third.

ST. ANDREW'S STAKES

In this race King's Bounty dropped out before the finish. Heuman led with Tiger second. At the first round of the course in the last quarter, Tiger went ahead with Heuman and Mistake Bay in the rear. These positions were maintained until the second time past the half mile post, when Heuman forcing its way into the front with Mistake Bay and Tiger following. The last quarter saw Ribble ably piloted by Mr. Botelho forging ahead to win the race with about two lengths to spare, while Tiger and Mistake Bay took up the next two places respectively.

GLASGOW HANDICAP—"A" CLASS

Only four entries faced the starter in the first leg of the Daily Double. King's Justice led right from the start with Cyclamen Bay second. At the last quarter, Gladiator shot right in front, and King's Warden came up strongly to challenge the leader. Mr. Frost, on Gladiator, had, however, obtained a commanding lead and ably kept it right up to the end.

GOOGEE HANDICAP—"A" CLASS

Atlas led from the start, closely pursued by Derby Day and Bobniak Star. At the half mile post Bobniak Star galloped to second position, but when rounding the quarter mile post, Vixen Tor came up strongly with Bobniak Star in the second position. Atlas came up in the last 150 yards to match third place from Derby Day.

COMRIE HANDICAP—"D" CLASS

The second leg of the Daily Double had a full field. Nebular Star was left behind with Warrington in the lead. The ponies bunched together at the last quarter, but on the stretch they began to spread out, which resulted in a close finish. Mersey very ably led by Mr. Deltz dead heated for first place with Emergency Call, while Solar Star and The Rain Gauge both came in for third place. There was only a short head between the winners. This was one of the closest finishes seen for a long time.

INVERNESS HANDICAP—"C" CLASS

The novices race for a mile and 150 yards had 11 starters. Bright Star led until the half mile post, when High Speed came right out to the front from the rear to take second place. At the last quarter, Soldier of China came up to first place and maintained that position until arriving at the winning post, while Bright Star came in second with Night View third.

UNION CHURCH CONCERT

Well Arranged Items Delight Audience

An enjoyable concert was very much appreciated by a large audience at the Union Church Hall on Saturday when a varied programme arranged by Mr. J. Anderson Miller was given.

The proceedings opened with a part song, "He That Hath A Pleasant Face", rendered by the members of the Hong Kong Chinese Choral Society, who were conducted by Mr. Anderson Miller. This was followed by a solo by Mr. W. J. Phelps, and then Mr. John Braga gave a splendid violin interpretation of "Melody" and "Chanson Hindoue".

The Rev. Cyril Brown was in a cheerful mood and kept the audience in good humour during the time he occupied the stage. Captain O. P. Jock sang "S-a Fever" with excellent expression, while Mrs. Anderson Miller obliged with two solos. Mr. S. McNeill's humorous monologues brought the programme to an end.

The proceeds of the concert will go towards augmenting the funds of the Church.

St. Margaret Church was the scene of a pretty wedding on Saturday morning when Miss Iris Mary Phelps, the youngest daughter of Mr. and Mrs. W. J. T. Phelps, of No. 59c Wong Nei Chong Road, became the bride of Mr. Hugh Nicholas Moran, a well known member of the Hong Kong Police Force, and the son of the late Mr. and Mrs. E. J. The Rev. Father Page officiated at the ceremony.

The bride, who was given away by her father, looked charming in a wedding dress of white angel's skin silk lace, surmounted with a wreath of orange blossoms and an embroidered veil kindly lent by a friend. She carried a prayerbook bound in white kid, presented by the bridegroom, and was attended by her elder sister, Miss Madeline Frances Phelps, as bridesmaid, dressed in powder-blue silk net, with hat and shoes to match. The bride's mother wore a smart brown georgette frock and the duties of best man were efficiently performed by Mr. A. W. Hircrock.

HONG KONG, DECEMBER 2, 1935.

BRITAIN'S COMMERCIAL AVIATION POLICY

While we are unable to say with any accuracy as to the under current at Home with regard to Britain's commercial aviation policy, we are nevertheless surprised to see a network of airways in China forming around us like a cordon and with Great Britain taking no part in the enterprise. It may be that Great Britain is taking a leaf out of the fable of the "tortoise and the hare" and is applying the policy that slow and steady wins the race. The truism may be alright, but the commercial people out in Hong Kong would like to see this far flung outpost of the Empire linked with the Home country before the chances are whittled away.

In the first place we have the Pan-American Airways giving us the slip, when we could very well have offered them landing facilities in this Colony. Instead of that we remained adamant and allowed them to negotiate with the Portuguese Colony of Macao. What we lost was another's gain, and although the linking of Macao and incidentally Canton by the Pan-American service may, and is sure to prove a boon to our neighbouring ports, still we have no one to blame but our Government for the slow manner in which it goes about in a matter so essential to our welfare.

The able letter by Mr. Tom Clarke, a former journalist in Hong Kong, which appeared exclusively in the "Daily Press" on November 26, mentioned the following facts:—

"There has, I understand, been considerable agitation in regard to the entry into Hong Kong of air services of various nationalities from adjacent territory, and there is no doubt that their entry would in many ways be to the advantage of the Colony, and would provide a much desired improvement in communications. Unfortunately, however, we know that the same freedom is not accorded to air transport as to sea transport. Any ship can enter any port. One can therefore understand the reluctance of any Government to give the right of entry to its ports, to the aeroplanes of a nation that will not give reciprocal facilities."

The position is more readily appreciated if we think of ships rather than aeroplanes, and one can well imagine British business people in Hong Kong being up in arms if the Government permitted the entry of, say, Chinese vessels into Hong Kong; and, on the other hand, China refused to allow British ships to enter her harbours. To accept such a situation would obviously lead to the elimination of British shipping.

In spite, therefore, of the temporary difficulties that may ensue, it seems obvious that the Government must bargain for reciprocal treatment. I do not claim to have inside knowledge in regard to these matters, but everybody knows that British, French and Dutch services fly across India and Burma, and presumably, therefore, either these countries have made reciprocal arrangements, or they subscribe to the policy of the freedom of the air on the lines of the freedom of the sea."

That Mr. Tom Clarke is closely connected with British aviation is a well-known fact, and as such, his letter should be considered in the light of it having come from an official source. And since it came from a channel which guides Britain's policy in aviation, it is therefore open to criticism.

One of the points dealt with in the letter was reciprocal treatment. He says "It seems obvious that the Government must bargain for reciprocal treatment. Everybody knows that British, French, and Dutch services fly across India and Burma, and presumably, therefore, either these countries have made reciprocal arrangements, or they subscribe to the policy of the freedom of the air on

COCKTAILS

The Popular "Mousie" Moir and his Officers of the H.M.S. Orpheus gave a most successful cocktail party in the Mess at Talkoo last Wednesday where a number of the usual cocktail party contingent were to be found. Captain and Mrs. Coltart of course were there, she in a tailored grey suit. Mrs. Burlingham was in a long black gown with attractive large white sleeves. Mrs. Paton was in pink which suited her lovely fair colouring so well. Mrs. Garwood and her husband I saw also pretty Mrs. Delamaine in navy blue. Mrs. Wilkinson chose a cocktail gown of green with a hat to match and came with her brother. The popular Jackie Groome was much in evidence and again the "Bruce" was well represented. Mrs. St. Claire Ford was her usual attractive self and was wearing flowered crepe de chine while her husband was busy as one of the hosts. The pretty Gerard sisters were there too and later were to be seen at the "Grips." Also most other people from the party. Mrs. Greening came in for a short time with her husband, she was wearing a check taffeta dress of picture style. Sheila Dewnap looking a little sad but making the best of this week was in a crepe dress of bottle green with a large white pique collar. Mrs. Pym, very elegant, favoured a cocktail ensemble and Mrs. Moore was in a smart blue tailored dress. Attractive Mrs. Cavanagh Mainwaring as gay as ever was in black and looked as if she enjoyed the party.

The Fourteenth Extra Race Meeting held on Saturday at Happy Valley drew quite a large crowd, and luckily the weather cleared up and some smart clothes were to be seen. A large luncheon party was given by Sir William and Lady Shenton, the latter extremely smart in brown with a lovely silver fox fur. Amongst some of those there were The Dowager Marchioness of Normansby, her son the Marquis of Normansby and Mr. Darrell who are all staying in Hong Kong for a short visit. Sir William Hornell, Brigadier and Mrs. Seth Smith, Mr. and Mrs. Croucher, she was very striking in an ensemble of grey and cerise. Miss Cadogan also on a short visit here, Commander Hussey and Mr. Claude Burgess and several others. Amongst those present at the race-course, Admiral Sir Frederick and Lady Dreyer, we were pleased to see back once more, also Captain and Mrs. Tower, the latter looking as attractive as ever. Sir Atholl and Lady MacGregor were there too, also Col. and Mrs. Harrison, she in navy blue. Mrs. Persse I thought looked exceedingly nice in a tailored dress of green and a smart brown hat. Mrs. Bishop also was very smart chose a grey ensemble, grey was favoured too by Mrs. Gordon Duff who was accompanied by her husband. Very delightful was Mrs. Alexander in navy blue with touches of light blue, and royal blue was worn by Mrs. Taggart whose lucky day it seemed to be. Tailored suits seemed very popular. Mrs. Clough Taylor I noticed with her husband looking very smart in one of brown and white, and Mrs. Macdonald wore a grey flannel suit with a brown hat and scarf. Mrs. Richard Johnston and Miss Slimmonds were others who favoured the tailored fashion. Mrs. Wilson looked very pretty in blue and wore one of the fashionable long capes over her dress. Mrs. Wise I saw with Lt. Cochrane, and Mr. "Jack" Macgregor just back from Shanghai was with Commander Oram. Miss Cavanagh chose an ensemble of maroon and looked very smart. Joan Dowling and the Fair sisters were others I saw.

ST. ANDREW'S BALL

A large and distinguished crowd attended St. Andrew's Ball at the Peninsula Hotel on Friday night, and no spirits seemed to have been daunted by the bad weather. Everybody seemed very cheerful and dancing went on until well after 2 o'clock. The roof garden and the rose room were both open for dancing and were very tastefully decorated, supper was served downstairs.

There were some beautiful dresses worn at the ball and everybody seemed to be there. The Chieftain's wife, Mrs. Macgown wore a lovely gown of white satin with a tartan sash across her shoulder. Both Lady Atholl MacGregor and Mrs. Sedgwick looked charming, so too did Mrs. Thackeray. It was a very picturesque scene with the various kilts and tartans blending with the naval, military and air force uniforms with the colourful gowns worn by the ladies. Lady Shenton

Lynn Cowan and Bill Bailey, Cabaret Entertainers, together with Ted and Evelyn (rhythm and tapdancers direct from Hollywood) and Estelle Davis, mistress of ceremonies will be appearing at the Hong Kong Hotel on Saturday, December 7.

looked so nice. Mrs. Dodwell brought a party which included her two attractive daughters, Anne was in black velvet and Diana in white satin. Mr. and Mrs. Carrie were there, the former distributing heather to all his friends. Col. and Mrs. Harrison were in a party given by Mr. "Jack" Macgregor so too were Wing Commander and Mrs. Bishop, she very smart in a mulberry velvet gown. Lovely Mrs. Paton was in velvet and was one of the many hostess at dinner. Very striking was Mrs. Cavanagh Mainwaring, in mauve chiffon, who was dancing gaily throughout the evening. Miss Dunnett was there with Lt. Chapman and was shortly joined by Mr. Ellis. Mrs. Felix Joseph wore a wonderful dress of green and gold shot taffeta and looked delightful. Mrs. Alexander looked marvellous in black velvet, and Mrs. Campbell favoured black also. Mrs. Knox came with her husband and looked very sweet in a lovely shade of blue chiffon. Gold lace worn over green was chosen by Mrs. Philip Smith who looked very pretty, and Mrs. Rees was in white lace.

We were glad to see Miss Trimble there, she was looking very nice in green and white. Mrs. Taggart and her husband were there, she very smart. Mrs. St. Claire Ford was in silver lame, and Irene Dunford most attractive in silver and white. Heather and Barbara Hance were present, both looking attractive in velvet dresses. Mrs. Croucher was wearing a beautiful white gown with a long train and mother of pearl sequin shoulder straps and belt to match which were very lovely. Everybody enjoyed this most excellent and spectacular ball very much and we all hope to be present at it next year if we are in Hong Kong.

- 1—Beginning December 1 no contract should be entered into for import of Italian goods.
- 2—Orders placed before December 1 for which payment has not been made should be cancelled.
- 3—Orders placed before December 1 for which payment of 20 per cent. or more has been made may still be executed.
- 4—Italian goods already en route to China are not prohibited, but they must arrive before January 1, 1936.
- 5—Goods originating in Italy or Italian colonies, but partially manufactured in other countries, as well as goods partially manufactured in Italy or Italian colonies, are not allowed to enter China after January 1, 1936.—*Reuter*.

ALLEGED EVASION

Geneva, Nov. 30.
France has reported to the Committee of experts on sanctions that the application of sanctions as far as she was concerned was general throughout her colonies with the exception of Morocco. The experts ask further information from Britain concerning certain territories, for example Rhodesia, Sudan and India, also Switzerland, the last named being alleged to be entering into a clearance arrangement contrary to the spirit of the sanctions decision.

Afghanistan and China have informed the League that they will apply all sanctions.—*Reuter*.

"UNFRIENDLY ACT"

Geneva, Nov. 30.
Italy to-day warned the Committee of Eighteen except Britain and France that they would regard voting in favour of extension of sanctions to oil, coal and iron as an "unfriendly act."—*Reuter*.

ECONOMIC MEASURES

Rome, Nov. 30.
The Supreme National Defence Council was extended to include the Ministers of Fascist Education and Public Works propaganda.

The Cabinet also approved a number of economic measures including steps to establish factories in Eritrea, extend facilities for gold mining in Eritrea, and to extend seventy million lire to establish a petrol refinery in connection with an Italian company prospecting in Albania.—*Reuter*.

ROME MEETING

Rome, Nov. 30.
The Italian Cabinet met this morning for the first time since the outbreak of hostilities. While it is emphasised in official circles that the meeting was the first of a number of normal sittings and not in response to an emergency summons, a Government spokesman stated that the Ministers would naturally review the position created by the sanctions. The counter-attacks against sanctions framed at the last meeting of the Fascist Grand Council would all be discussed in detail, he declared.

AGENDA KEPT SECRET

Strict secrecy was maintained regarding the nature of the agenda, but it is understood that Signor Mussolini reported on the findings of the Chemical Corporation, which recently held a number of meetings with the object of producing machinery for increasing Italy's fuel supply, especially that suitable for aeroplane engines. A communiqué issued at the conclusion of the Cabinet meeting states that the Cabinet approved the recommendation of the head of the Government for the expansion of the Supreme Committee for National Defence. No direct reference is made to the war or to sanctions.—*Reuter*.

EMBARGO ON OIL TO ITALY

Geneva, Nov. 29.
The Committee of Eighteen will meet on December 12 to consider the imposition of an oil embargo against Italy.

Italy's reaction to the proposed embargo is not likely to influence the powers concerned. There has been a strong feeling that the meeting of the Committee of Eighteen should have been convened early next week, in order to emphasise that the League of Nations had decided not to trifle with the question. However, as M. Pierre Laval, the French Prime Minister, is unable to visit Geneva next week owing to the crisis at home, it was necessary to postpone the meeting until the following week.—*Reuter*.

UNITED STATES NAVY

Plans For Building New Warships

Washington, Dec. 1.
There is a strong national policy against larger navies, but the United States Navy has not been built up to full treaty strength, states the annual report of Mr. Claude Swanson, the Navy Secretary.

The report says that while the naval armament situation remains so uncertain it is impossible to predict the nature of future treaties, if any.

It declares that the United States' policy has not changed and for the present recommends the continuance of plans for building new warships totalling 1,125,500 tons. It reports that eighty six ships with a tonnage of 283,150 are already under appropriation, and adds that auxiliary vessels of improved characteristics and in sufficient numbers for adequate operating and maintenance of combatant forces are greatly needed and should be provided by a progressive programme as soon as possible.

The report further states that more men are needed for the new ships nearing completion.—*Reuter*.

WAR MINISTER LEAVES FOR PEIPING

Nanking Still Entertains Hope Of Settlement

Nanking, December 1.
General Ho Ying-chin left by train last night for the North. It is believed that his destination is Peiping. The departure of the War Minister for Peiping is generally welcomed here as an indication of the Government's determination to deal with the situation in North China.

Apprehension has been felt for some time owing to the delay in his departure after the new appointment because there was a feeling that the absence of any important Nanking official in the North during the present critical time would lead to intrigues and confusion.

It is generally admitted that General Ho Ying-chin's task is not an enviable one, and although hope for success is small, his sudden decision to proceed to the North indicates firstly, that the Chinese Government is not giving up hope of a settlement of the situation, and secondly, the situation is becoming so acute that his immediate presence in Peiping is essential.—*Reuter*.

MOVEMENT OF TROOPS

Tientsin, Dec. 1.
The Chinese railway authorities have been requested and provided five locomotives with sufficient coal to bring in troops from Shanhaikuan to Tientsin.

The Chinese Police chief accompanied five Japanese officers and inspected the buildings in the Hopei section of the city where Chan Tso-lin's troops were formerly stationed in the vicinity of the Central Station, and it is believed that the Japanese troops will be accommodated there.

So far it has not been stated when the troop trains may be expected from Shanhaikuan.—

JAPANESE REPORTS

Shanghai, Dec. 1.
Japanese reports stated that East Hopei Autonomous Government took over the Government offices in Kupeikow, also that General Sun Sheh-yuan has issued a circular telegram addressed to the leaders of the Nanking Government to the effect that the provinces of Hopei and Chahar and the cities of Peiping and Tientsin would form as soon as possible into an autonomous state.—*Reuter*.

SURPRISE IN PEIPING

Peiping, Dec. 1.
The news of General Ho Ying-chin's coming to Peiping is generally received with surprise as it has been felt that his appointment here was destined to be one never to be taken up. If Ho Ying-chin can rescue Hopei and Chahar for the Central Government, he will indeed have snatched a brand from a burning fire.

Even among Japanese it is on officials who still claim that no pressure is being exerted from outside on General Sung Cheh-yuan.

All circles wait with keen interest for Ho Ying-chin's arrival to-morrow morning.—*Reuter*.

HO'S PARTY

Shanghai, Dec. 1.
Japanese reports from Nanking state that Ho Ying-chin was accompanied to the North by General Chen Yi, Chairman of Fukien, Hsiung Shih-hui, Chairman of Kiangsi, Yin Tung, former managing director of the Peiping-Mukden Railway and all graduates of the Japanese War College.—*Reuter*.

SUNG'S TELEGRAM

Peiping, Dec. 1.
General Sung Cheh-yuan's telegram to Nanking yesterday refers to the growing movement among the people favouring autonomy and expresses inability to control the movement by mere empty words. It adds that unless more effective measures are devised for satisfying the longing of the people and pacifying their minds, the internal situation will become more serious apart from external difficulties.

Chinese circles attach considerable importance to Sung's telegram because it constitutes the first Chinese official admission of autonomy movement in North China.

While the public welcomes the news that General Ho Ying-chin is coming to the North, there is a feeling that the situation here has gone so far that Ho can do very little to improve affairs.—*Reuter*.

PLANE OVER PAOTING

Paoting, Dec. 1.
A mild surprise was caused among the local inhabitants here to-day, when the Japanese plane encircled the city for a short while and then headed for an unknown destination.—*Central News Agency*.

LEADERS CONFER

Shanghai, Nov. 30.
On the instructions of General Chiang Kai Shek, Chairman of the Military Affairs Commission, Generals Chang Chun and Chen Yi to-day called on Mr. Akira Arisue, Japanese Ambassador to China, and Major-General Rensuke Iwaga, Japanese Military Attaché. They were closeted at the Japanese embassy for a discussion lasting almost two hours.

Later Mr. Huang Fu called at the home of General Chang. While the nature of these meetings is not disclosed, it is understood that the Central Authorities are attempting to settle the Tungchow incident by diplomatic means.—*Union News*.

HEADING FOR CRISIS

Peiping, Nov. 30.
The general impression here is that events are rapidly heading for a crisis, which may come as soon as Monday. It is learned that a secret conference of the local Chinese leaders lasted from last evening until 4 a.m. to-day, at the conclusion of which an important telegram was dispatched, asking Nanking for more specific instructions. It is understood that the telegram was addressed to the Generalissimo, Dr. H. H. Kung and General Ho Ying-chin.

A Japanese military spokesman said that it was understood that the telegram said that the autonomy movement is developing now beyond the powers of the local authorities to stop it. On the other hand well-informed Chinese sources declare that the Japanese have now expressed the view that the autonomy of Hopei and Chahar would satisfy them, and that that area might still be nominally under Nanking.

It is reported that General Doihara, who, it was rumoured, intended to leave to-day, is now remaining for two or three more days.—*Reuter*.

TROOP TRAINS

Tientsin, Nov. 30.
Eight troop trains are reported to have arrived at Shanhaikuan yesterday evening from Mukden, and the troops detrained. Three trains held by the Japanese at Tientsin are still here, but it is rumoured that they may be used for a troop movement on the Tsinpu line.

Confirmation of the troop movement is not obtainable from Chinese sources.—*Reuter*.

COUNCIL ABOLISHED

Peiping, Nov. 30.
In accordance with instructions from Nanking, the Peiping Military Council closed its affairs to-day. Hereafter the affairs previously handled by it will be dealt with by the Nanking Military Council.—*Reuter*.

LABOUR GOVERNMENT IN NEW ZEALAND

Auckland, Dec. 1.
The widespread belief that the new Labour Government will be of benefit to primary producers by managing foreign exchange was dealt with in an interview.

The Premier-elect, Mr. Savage, did not anticipate any alteration in the exchange rate before March and said it will be a matter for consideration by Parliament. Progressive reductions will certainly not exceed 2½ per cent. at one time and will be made over widely spaced intervals.—*Reuter*.

CURE FOR DEPRESSION IN BRITAIN

Prime Minister Appeals For Newer Industries

London, November 30.
Speaking at Dundee last night, the Prime Minister, Mr. Stanley Baldwin, referred to the special areas in which the worst effects of post-war depressions have been felt and said they must have their share of newer industries.

It was intended that the share of work in connection with necessary re-equipment of defence forces would go to these areas and he appealed to those who had benefited as a result of Government's introduction of protection to do all in their power to see that when new works were built they were put in Durham or Lanark or South Wales or one of the other special areas. It was not only a question of increasing the opportunities of employment but of helping to stabilise it by diversifying industry in places which past developments had often left dependent on a single industry.

"I regard the introduction of new industries into some of those areas as being a most important work to which a British citizen can devote his capital and his brains for benefit of his fellowmen," he said. Mr. Baldwin declared the Unionist party as the most important part of the great movement which was supporting the National Government and was determined to proceed in co-operation with those of like mind in the task of bettering the conditions of the people.

The progress in the last generation had been great and the social services were far ahead of any country in Europe, but they took that not as justification for complacency but as the greatest encouragement to go on and do more. *British Wireless*.

INDUSTRIAL RECOVERY

London, Nov. 30.
Further evidence of continued industrial recovery is contained in reports from various centres. The Sheffield Chamber of Commerce states that the production of steel in Sheffield is about 100 per cent. greater than four years ago and the output of finished products more than 100 per cent. greater. The number of unemployed in Sheffield has been reduced by nearly 28,000. The output of tonnage from Belfast yards during the present year is likely to reach 112,000 tons. Messrs. Harland and Wolff have already launched one warship and seven merchant vessels since last January. A firm manufacturing Standard motor cars has decided to extend its factory at a cost of £340,000 increasing its maximum daily output from 150 to 300 cars. Order for machine tools valued at £150,000 have already been given.—*British Wireless*.

The exhibits include about 208 motor-cycles and over 1,000 pedal-cycles and buyers from all over the world have arrived in London in large numbers to attend. One motor-cycle is fitted with a four-cylinder engine and the manufacturers claim that it will give a performance corresponding to that of a £1,000 motor-car.—*British Wireless*.

The Premier, in a statement, announcing that the Government will follow the policy of national reconciliation and reconstruction, outlined the programme as follows: Free elections, budget economies, strengthening the national defence, fidelity in international engagements, adherence to the Balkan Entente, and friendship with all powers.—*Reuter*.

HIGH STANDARD OF PLAY IN LEAGUE FOOTBALL

South China "A" Team Consolidates Position

K.F.C. Collapses Before Chinese Side

Splendid football featured the games played yesterday. The needle game in the First Division of the Football League resulted in South China "A" consolidating their position at the expense of the Police, whom they defeated in a fast and exciting game by four goals to one. The defeat of the custodians of the law must be placed on their forwards who appeared to be on holiday, and but for the splendid keeping of McHardy, the deficit against them would have been heavier.

The Navy lost to the Chinese Athletic in a spirited encounter, while Kowloon for three quarters of the game delighted their supporters with their superiority over S. China "B." When all appeared rosy for Kowloon, S. China staged a splendid recovery and completely reversed the tables by winning by the odd goal in five!

POLICE AGAIN DEFEATED (BY "PIVOT")

Brilliant goal keeping by McHardy featured the senior league soccer game between S. China "A" and the Police which the latter won by 4 goals to 1 on the Caroline Hill ground yesterday.

The Chinese were the superior team and their forwards had the Police outplayed during the greater part of the game. It was a matter of the Police defence versus the Chinese forwards, for on the run of yesterday's play the Police forwards were deplorably weak in front of goal and threw away numerous opportunities for scoring and equalising, when the Chinese were leading by two goals to one.

CHINESE OPEN ACCOUNT

The game was fast throughout. South China, well served by a well balanced team, was soon on the offensive, but the good goal keeping of McHardy kept the score sheet intact. However after a little pressure, Fung King Cheung slipped the ball to Lee Wai Tong whose first time effort beat the Police keeper with a twisting grounder.

From now on the Chinese were attacking hotly but McHardy was equal to the occasion and saved what seemed impossible shots. Soon after the Police had attacked strongly, Lee Wai Tong got possession in the Police territory and heading Blackburn to the ball scored with a well placed shot outside of McHardy's reach. The interval arrived with S. China leading by two goals to nil.

POLICE SCORE FROM PENALTY

Soon from the restart, S. China got away, but Pile cleared. From a breakaway, T. Pile centred and Lee Kwok Wai handled. The resultant kick from the spot was converted by Moss.

From this stage the Police attacked strongly, but poor finishes by the forwards hobbled their efforts. Parker after being well placed on the left, shot wide with only the keeper to beat.

Soon after, Tso Kwai Shing receiving on the right went through the Police left defence to net with a fast grounder with his left foot, while towards the end of the game, Fung King Cheung scored with a delightful grounder to put the Chinese four goals up.

NAVY BEATEN

A keen struggle saw the Navy being defeated by the Chinese Athletic by the odd goal in three. Chinese Athletic obtained the lead after ten minutes play through Chau, Man Chi, and soon after Jones equalised. Towards the end of the first half Yeung Kan Po put the Chinese ahead.

After the lemon, the game was more evenly contested and despite repeated efforts on the part of both sets of forwards to score, nothing materialised. On the whole a draw would have been a fitting result to the game.

KOWLOON VANQUISHED

After dictating terms for three-quarters of the game, Kowloon collapsed in the end and permitted the enterprising South China "B" forwards to get through and score two quick goals to put them in the lead for the first time in an exciting tussle. Kowloon lost by 3 goals to two and spectators went away from the Railway Ground feeling that they had their money's worth.

The home team made several startling changes, bringing D. Knox from the left wing to the centre-forward berth, and transferring G. White from his customary position as centre-forward to right half-back. Hoonball, who

on Saturday played for the juniors, was promoted and played left wing, with conspicuous success.

KOWLOON OPENS ATTACK

Any doubts as to the wisdom of these drastic changes in the usual Kowloon line-up, were soon quelled, when Kowloon opened up with an early raid on the S. China goal. Pressure was kept up and it was delightful to see the elder Knox weave his way through the harassed Chinese defence. Kowloon attacked incessantly for twenty minutes, with South China making spasmodic raids. The Chinese took a long time to settle down, and much against the run of the play, following a melee in front of the mainland goal. Ho Ka Kueng put the ball past Boyes much to the delight of the Chinese supporters.

Nothing daunted, Kowloon attacked again and had hard lines when with Pau Ka Ping, the South China custodian, lying full length, Knox rushed in to take the rebounded ball, and a certain goal was deflected for a corner by Lee Kam who got his foot to the ball.

THE SECOND GOAL

On resumption, Kowloon made a change in their forward line. Oppenheim and Honk-bell changing places. This move brought the latter into the inside-left position, and an early success rewarded the change, as Knox receiving the ball from Bliss beat Pau with a drive to the left hand corner of the net. Spirited by this success, Kowloon attacked strongly and following a pretty movement down the field in which Knox, Honk-bell and V. White participated, Knox put the finishing touches by driving the ball past Pau, who dived full length in his effort to clear. This goal was netted about fifteen minutes from the end, and most of the spectators thought that Kowloon had the measure of their opponents.

Each goal was attacked in turn when Ip Yun Po, in a suspiciously off-side position on the right wing received a pass from Ho and sent the ball back with a low centre. Boyes dived at the ball, and partially cleared it, but the ball went to Ng Po Kiu who sent in a rasping drive, with Boyes still recovering.

The crowd was wild with delight and with everyone keyed up to fever pitch, South China attacked again. Kowloon appeared disheartened at this reverse, and lost the fire combination which was so prominent in the early stages. South China asserted themselves and obtained a grip of the game. They made the best of their opportunities. Following a misundstanding between G. White and Everest made Boyes to leave his position, and Chuk Shek Kam rapped in to send the ball into an empty goal.

Kowloon now played without any cohesion, and South China repeatedly harassed a tired defence. The final whistle blew with the ball in midfield.

LINCS DEFEAT R.A.

In a keenly contested game played at Happy Valley on Saturday, the Lincolns defeated the Royal Artillery (Stoncutters) by 4 goals to two.

Both custodians played a sterling game, while Belcher (R.A.) was the outstanding half on exhibition. In the early stages of the game, the R.A. defence was hard pressed, and did extremely well to subdue the nippy Lincoln forwards.

The first goal came from the foot of Higgins. When he netted after Malpas had misdirected Sergeant placed the Gunners on equal terms during a melee in the goal area.

The R.A. took the lead through Adams, who netted from a penalty kick given against Thompson

R.A. IN THE LEAD

Higgins equalised eight minutes after the interval when he kicked against an R.A. defender and the ball glanced into the net past a very surprised Hall. Immediately following this, a stinging shot from Ridley was safely cleared by the Gunners custodian. Baldry then scored for the Lincolns from a penalty kick, giving Hall no chance with a well placed shot.

The R.A. tried hard for an equaliser, but Thompson, Deeming and Robson frustrated many good efforts on the part of the R.A. forwards.

Higgins was a good schemer, and it was through him that the issue was placed beyond doubt. He passed to Baldry who centred accurately for Higgins to have no difficulty in tapping past Hall.

Lincolns:—Kee; Moody and Edmondson; Thompson, Deeming and Robson; Clayton, Malpas, Higgins, Ridley and Baldry.

R.A. Stoncutters:—Hall; Pries and Lewis; Belcher, Hunt and Roscoe; Findley, Coyle, Adams, Sergeant and Bell.

RECREIO AND S.C. "B" DRAW

What was to be the piece de resistance of Saturday's football clashes, ended, in a tame affair when the Club de Recreio and South China "B" drew in a match that was featured by missed chances on the part of both sets of forwards when favourably placed in front of goal. The "Recs" make the mistake of ignoring their wing men, their attacks invariably being carried out by the three inside men, who were too well marked to be effective.

South China, on the other hand, swung the ball about, but none of their forwards had their shooting boots on, and failed miserably in front of goal.

Ho Ka Kueng, was introduced by the Chinese, but he did not prove a success. Both the Recreio and S. China defence played well to form. The best move of the game came in the second half, when Young passed the ball to Ho, who nipped it between Beltrao and V. Marques and passed to the unmarked Yeung Shui Yick, who took a pot shot which looked a certain goal, but unfortunately it went the wrong side of the upright by a few inches.

The Recreio retaliated and a shot by B. Gosano beat the goalie, but struck the upright and rebounded into play.

S. China "B"—Pau Ka-ping; Leung In-chun and Lee Kam; Yau Wa-hing, Lim Tak-po and Ho Young; Yeung Shui-yick, Lai Shui-wing, Ho Ka-kueng, Cheuk Shek-kam and Lee Shek-yau.

Recreio:—R. Marques; A. V. Gosano and Bowen; Delgado, Beltrao and V. Marques; C. Marques, Castilho, B. Gosano, Gomes and Alves.

FUSILIERS ON TOP

Consequent to their victory over Kowloon on Saturday, on the latter ground, the Royal Welsh Fusiliers are now in the lead of the senior division. They defeated Kowloon by the only goal scored 20 minutes after the interval.

During the first half Kowloon did most of the attacking. G. White made himself prominent when he tested Rowlands with a stinger from a few yards out, which the latter ably cleared. Oppenheim was given an opportunity to put Kowloon into the lead, when he had only the goal-keeper to beat, but he completely missed the ball. Coakley had a hand in registering the solitary goal of the game when he accepted a pass from Talbot and sent a terrific left-footed drive which Boyes only partially saved for Hughes to push it past him. The soldiers now definitely had the better of the civilians, who were extremely lucky not to have any further goals netted against them. In the closing stages of the game, Boyes did well to save a succession of shots from Talbot, Roberts, Coakley and Evans.

Kowloon:—Boyes; Everest, Eastman; Kemp, Bliss, Boyd; W. Knox, V. White, G. White, Oppenheim and D. Knox.

Fusiliers:—Rowlands; Wheeler, Keating; Wanklyn, Talbot, Tucker; Hughes; Harrison, Coakley, Evans and Roberts.

LYEEMUN GOES DOWN TO CLUB

The Royal Artillery (Lyemmun) suffered yet another defeat at the hands of the Hong Kong Club, when they went down to the latter at Sookunpo on Saturday, by five goals to 3. The Artillery were however, extremely unlucky to lose, as exchanges throughout were even, but the better team-work of the Club forwards in front of goal, turned the tables in their favour.

From the commencement the Club attacked, when Gilchrist the left-half, had a juck with a shot

that just failed. Play was transferred to the Club half, but nothing came of the attack. End to end exchanges then took place, both goal keepers being called upon to save many shots, and the first goal came from the boot of Elliot, the Club leader who sent in a shot from 15 yards out.

Two minutes later, from a pass by Hynes, Elliot put the Club further ahead. Following a melee in front of the Artillery goal mouth, Elliot seized his opportunity and shot for goal, and he was helped by a defender deflecting the shot into the net.

The Club were thus leading by three clear goals, when the half-time whistle sounded. On resumption, the artillery men were early on the attack, Edmunds in the pivotal position receiving a pass from Brown, and beat Rodgers to reduce the lead.

Army And Navy Teams Lose To Civilians

Two senior and two junior cricket games were played off on Saturday, the Army and Navy both losing to the K.C.C. and H.K.C.C. respectively.

Thanks to an undefeated knock of 51 by E. C. Fincher and the excellent bowling of R. Lee and F. Goodwin who between them skittled the Army side for 87 runs. With the exception of Lt. Johnson and C. S. M. Elvin the rest of the players did not reach double figures.

EDDIE HARKNESS ORCHESTRA

Capital Entertainment At The Hong Kong Hotel

Despite counter attractions and the St. Andrew's Ball, Hong Kong Hotel was crowded to capacity on Friday night, when a large audience turned out to listen and dance to the music supplied by Eddie Harkness and his Orchestra from San Francisco who are on a tour of the Orient.

All the latest dance music and also quite a number of their own compositions were played much to the enjoyment of all those present. The audience were also treated to the latest music from "Top Hat," the next Ginger Rogers-Fred Astaire vehicle, and melodies from "Broadway Melody of 1936." Vociferous applause and encores greeted the players at the end of each piece, and they very graciously responded to the clamour for more.

Eddie and his boys are well known over the ether where their broadcasts in the States, Tokio, Manila and Hong Kong had always been looked forward to and enjoyed by all music lovers in possession of a receiving set.

They come here with a big reputation for excellent music. And this reputation was creditably sustained. Prior to their tour they were employed at the St. Francis Hotel, the Palace Hotel and the Mark Hopkins Hotel, which is the newest Hotel in San Francisco.

In Seattle also they used to delight the patrons of the Olympic Hotel regularly. It may be of interest to note that this band had at one time been recording records for the Victor Records Co. and this they did for three years.

On Friday night patrons at the Hong Kong Hotel were all unanimous in their praise of this talented Orchestra, and the opinion was expressed that it was the best Hong Kong has yet seen. It was regretted on all sides that they could not prolong their engagement and were leaving by the next boat on Saturday morning. It is hoped that at some future date, it will be possible for them to return here for a longer stay. The Management of the Hong Kong Hotel is to be complimented in being able to furnish their patrons with such exquisite entertainment, though it was only for one night.

CANADIAN LIGHTWEIGHT DEFEATED

New York, Nov. 30.

Jock McAvoy, the British middleweight boxing champion, fighting as a lightweight, decisively outpointed the French Canadian Al McCoy, regarded as his most dangerous opponent, in a 10-round bout here last night.

McCoy took a count for four in the third round.

McAvoy is now negotiating for a world light heavyweight title bout with John Lewis.

M.C.C. IN GREAT FORM

Brisbane, Nov. 30.

The M.C.C. touring team, as the result of carefree hitting, amassed the formidable total of 436 for 6 to-day.

Barber (91) and Smith (109) took part in an opening stand of 204 while E. R. T. Holmes (80), the skipper, and R. H. Human (118) added 182 in 130 minutes for the fifth wicket.

AMERICAN FOOTBALL CASUALTIES

New York, Nov. 30.

Although the American football season still has several weeks to run, 35 players have already died as the result of injuries sustained in matches. This is the highest total since 1931, when 49 deaths resulted in a revision of the rules. Twenty-four players were killed last year.

Arsenal's Struggle With Derby

(Special Air Mail Service)

London, Nov. 11.

Arsenal, the Champions, and Derby County, who at the beginning of this match were leading in the Championship, met at Highbury on Saturday and the result was a draw, each side scoring once.

It was a desperately keen game, and Arsenal should have made sure of winning in the first half. Almost from the kick-off a pass from Bastin put Drake right through, but Drake, who never gives up trying, seems to have lost his old confidence in shooting, and, instead of "hitting" the ball as he has done so successfully in the past, he attempted to place it and only succeeded in placing it wide.

If the game, in so far as it was a struggle between two teams, had been a dull one it would have been redeemed by the football played by Bastin. Bastin was at inside-left, and his performance from first to last was technically perfect. Naturally enough he made mistakes—in all ball games mistakes, fortunately, are inevitable—but when he made them he made them in the right way. In other words he never ceased to look like a footballer, and, whether he was engaged on one of those dribbling raids of his, distributing the ball, or turning himself into an extra half-back he always made a nuisance of himself to Derby County.

A FINE HALF-BACK

Roberts, who perhaps profited from Napier's inexperience as a centre-forward—Gallacher, after all, was not able to play—had a thoroughly good match, and altogether Arsenal enhanced, rather than lowered, their reputation. Further, they were handicapped by the fact that throughout the second half Milne, at outside left, was limping so badly that he could hardly run at all. Derby County had more and more of the play as the game went on, but they had lost too many technical points in the first half to deserve more than one material point at the finish. The Derby left wing played beautiful football. Keen was the best half-back on the field, better even than Barker or Roberts, and the inter-passing between himself, Ramage, and Duncan gave Malt and Crayston some very anxious moments.

The day was pleasant enough and the crowd was well over 50,000 strong. The turf and the ball were not altogether perfect for football, but they were quite good enough, and it was clear from the beginning that only the shortcomings of the players themselves could prevent the match from being an extremely interesting one. In the first minute or two Drake had the chance that has already been described, and, after that he had another, by no means so easy, but one a centre-forward in form would have had a good chance of converting into terms of goals.

Arsenal continued to have the better of the game. Hulme showed much of his old speed and dash at outside-right, and the Derby defence did not seem altogether sure of itself. However, it was Derby who scored the only goal of the first half—and an extremely good goal it was. Barker picked up the ball in midfield swung out a beautifully judged pass to Duncan, who centred squarely across the goal for Ramage to meet the ball with his head and leave Wilson helpless.

Only six minutes of the second half had been played when Arsenal drew level. There was a raid down the Arsenal's right wing, and after Hulme and Bowden had both shot, Drake managed to bundle the ball into the net. After this the game swung slowly but surely round in favour of Derby. Their half-back line became an attacking rather than a defensive unit and, Bastin apart, the initiative was with them. Bowden, who had an off day, and Bastin did it, is true, get in shots which deserved to score, but the best chance of all occurred when Crooks beat Hapgood. Wilson played himself perfectly, however, and his legs saved when his hands were powerless.

The teams were: Arsenal—Wilson, goal; Malt and Hapgood, backs; Crayston, Roberts, and Crooks, half-backs; Hulme, Bowden, Drake, Bastin, and Milne, forwards.

OTHER LEAGUE MATCHES

As a result of Saturday's matches Sunderland, who beat Preston North End by four goals to two after being a goal down at half-time, go to the top of the Championship and lead Derby County by one point. Beresford soon scored for Preston, but Carter, who played extremely well throughout, equalized. F. O'Donnell, however, put Preston ahead again, but after the interval the Sunderland forwards came into their own and were altogether too good for the Preston defence.

Bolton Wanderers distinguished themselves by being the only team in the Championship to win away from home, but two other famous sides, Aston Villa and the Cup-holders, Sheffield Wednesday, were again beaten. Sheffield Wednesday have conceded the astonishing total of 17 goals in their last three matches, but Aston Villa, in spite of their defeat, have reason to hope that they are about to turn the corner. Liverpool scored the first goal when Hodgson, who had previously hit the bar with a terrific shot, headed past Morton. Houghton equalized for Aston Villa, but a penalty taken by Carr gave Liverpool the lead at half-time. Liverpool went farther ahead, and then, two minutes from the end, Broome scored Aston Villa's second goal while some of the home players were appealing for off-side. Grimiths, Aston Villa's new centre half-back, played well.

Leicester City beat Port Vale, as they were expected to do, and kept at the head of the Second Division, and both Reading and Tranmere Rovers, the heads of their respective divisions, won decisively.

FANLING HUNT

Opening Meet

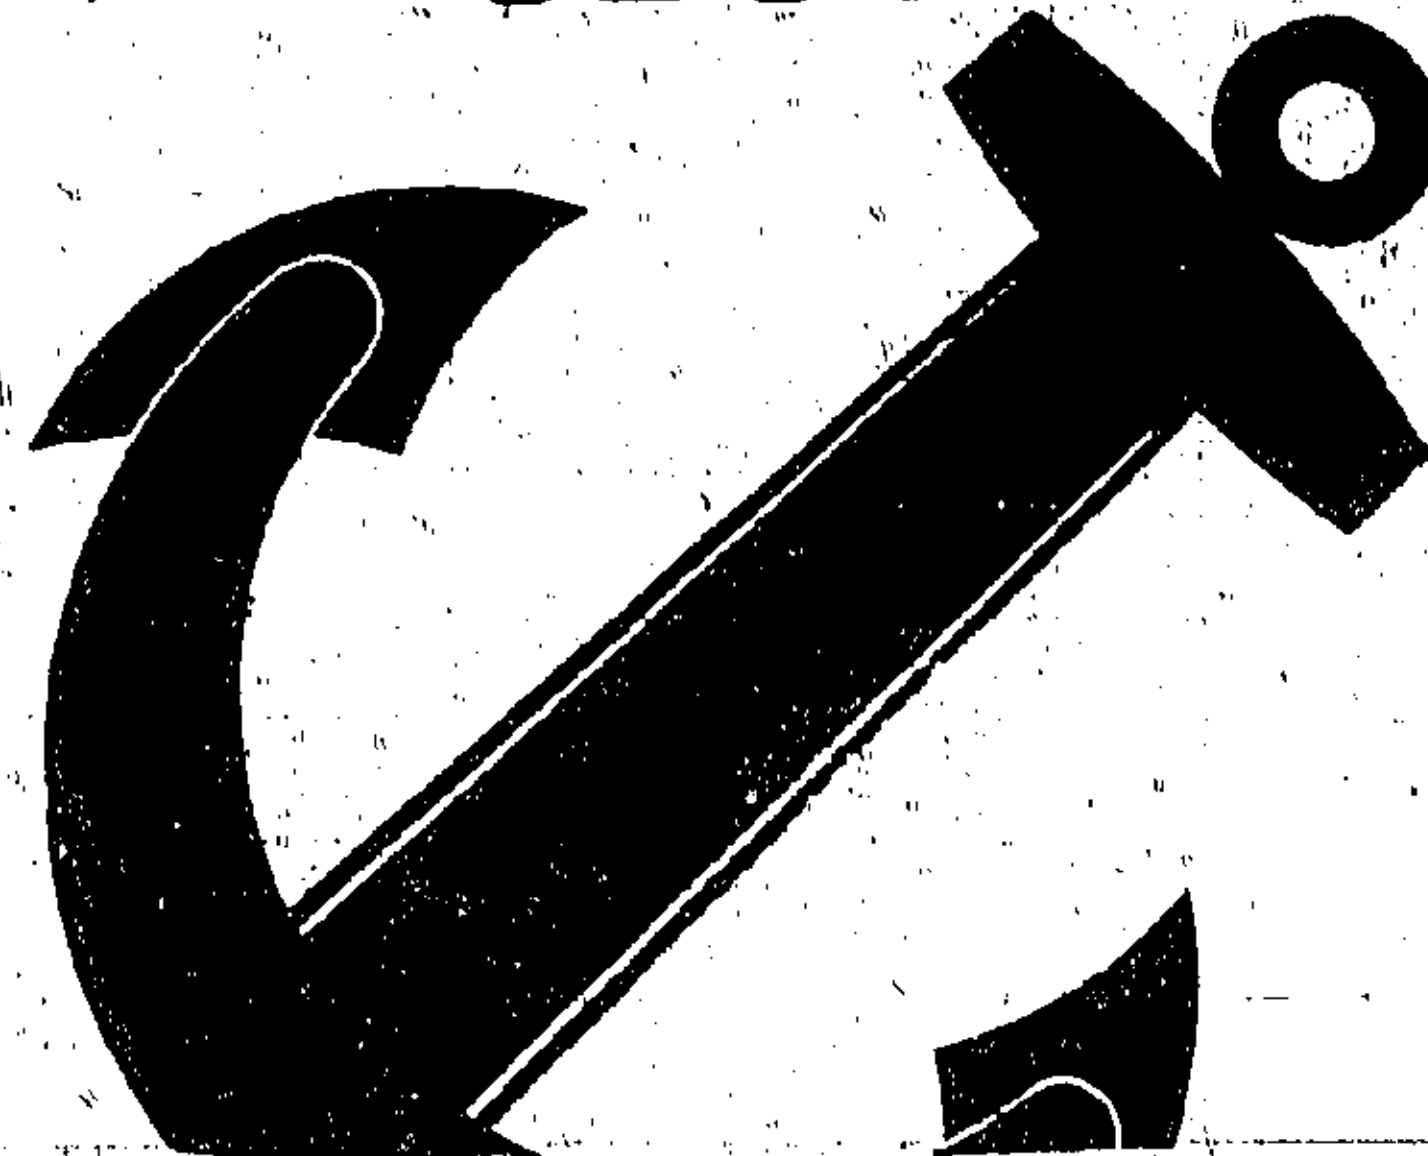

The opening meet of the Fanling Hunt was held yesterday at the Stanton's house near Fanling. There was a large field of some 70 riders and 25 spectators. The weather was sultry and hounds were not looking as if they were going to enjoy the fray.

Alec Potts laid the drag and at about 3.30 Brigadier Seth-Smith, the master moved off with quite a large field. The going was rather heavy and there were a few spills, in one case a pony found when crossing a stream that the water looked so cool that he rolled over and gave his rider the benefit of a cold douche. The ponies looked well and I thought that Mrs. Wilson had a particularly nice mount. It was interesting to note the variety of ponies, there were China ponies, Cross-breeds, and some very smart Australians. It must be interesting to see how these three varieties work out, personally, I have rather a meek regard for the real China pony, unhandsome as he is.

Amongst those present at the meet were Mrs. Keary, Mrs. Wilson, Miss Heather Gerrard, Mr. and Mrs. Paton, Mr. Stanton, Mr. Baker Carr, Mr. Ferguson, Mr. Wood, Captain Rybot, Miss Walker, Mr. and Mrs. Ropes, Mr. Archer, Mr. Eric Nelson, Miss Bird, Col. Bird, Mr. Alec Potts, Miss Allen, Captain Waller, Lt. Lieut. Anderson, Mr. Marsh, Mrs. Perse, Lt. Garthwaite, Mr. Amps. Major and Mrs. Dowling, Mr. Henriques, Beryl and Betty Fair, Mrs. McAvoy, Mr. Jervis, Mr. Rose Price, Mr. Pritchard, Master Seth Smith and several others.

After following the drag for about five miles there was a check and the master very wisely decided to finish the hunt, as it was the first time but, and due to the heat the hounds had had about enough. It was a most enjoyable afternoon, and the hunting this year looks as if it will have a very good attendance.

Berlin, Nov. 30.
The usual week-end slackness prevailed on the market, increasing the dullness, only operators buying. The erratic trend at the opening at first became definitely friendly but little business was done. Dr. Schacht's address on the reform of legislation regarding share companies, delivered before the Academy of German Law, attracted considerable notice.

Fixed interest securities were even more restricted on Friday, the prices except in a few special cases being unchanged. Call Money was 3½, the rise being due to increased requirements on the monthly settlement day. Young Loan (unquoted), on Friday it was at 102. Reichsbanks were unchanged at 178½. Dye Trusts were 3/4 better at 149½. Salzdorf-Potsdam jumped 2 points to 138. German Steel Trusts were unchanged at 75½. German Mineral Oils were unchanged at 103. Siemens-Schuckert 3/8 higher at 101½.

Only in exceptional cases were the share prices substantially different at the week-end from

The uncertain outlook of the political situation, caused an air of uncertainty in security to pervade on the market and made real investors exceedingly cautious. Moreover, the nearness of settlement day coinciding with the approach of Christmas, with increased demand for ready cash, dampened down the investors' enterprise. Transocean Kuo Min.

RUBBER MARKET REVIEW

After a slight setback in prices, we are on the same level as a week ago. The reaction was mostly due to heavy imports from the N. E. into Singapore, as this forebodes heavy shipments from that country during the month of October.

The raising of the export duty on the native product in the N. E. is not to be taken "ipso facto" as a bullish feature, as so many are inclined to do. Its first effect is to stimulate exports at the expense of internal stocks. However, the paddy harvesting season is now at hand, and this, coupled with the present duty in force on exports (equivalent to 3-15/16d. per lb.), is likely to turn the attention of the native to the harvesting of rice rather than the tapping of trees. Hence, the excess exports which have taken place in October may be counterbalanced by smaller figures in November and December.

Stocks in the United Kingdom totalled 170,541 tons on November 2nd, a decrease of 89 tons as compared with the previous return. During the week a decrease of 750 tons is expected to have taken place, with an additional deduction of 2650 tons in respect of the recent fire.

Hereunder statistical returns from Malaya for the last two months (in tons):—

	Oct.	Sept.
United Kingdom...	8,736	8,456
U. S. A.	24,412	24,845
Continent of Europe	9,965	8,703
Other Countries ...	5,145	9,243
Total	48,258	51,247

Imports.
Dry 14,376 7,061
Wet 4,988 3,327

It will be noticed that shipments to the United Kingdom are again comparatively small. Shipments to the U.S.A. will not be sufficient to meet months' requirements, even when allowance is made from shipments from other sources.

The increase in imports (mainly from N.E.I.) has been commented upon in the opening paragraph.

THE SHARE
MARKETHarriman's Weekly
Review

November 30.
Messrs. G.A. Harriman & Co.'s weekly share report and market review issued at noon to-day states:—

In comparison with previous weeks we have experienced a rather dull market during the period under review due to a substantial amount of profit taking and consequently the volume of trading was lighter and prices in many sections were on the easy side. A factor which has grown considerably in importance during recent year is exchange, the vagaries of which are too numerous to mention, suffice to say that it does at times play "ducks and drakes" with the market and it is obvious the long overdue recovery in South China depends to a very great extent on a stable currency, and we hope the day is not far off when the community will be able to make their estimates and calculations for legitimate trade on a "sane & sounder basis". In the market investment counters again eased somewhat. Hongkong Lands were a shade easier with transactions done at \$35½. Hongkong's Trams were dealt in at \$13.20 at the opening but latterly improved slightly with sales recorded at \$13.50 to \$13.60. Hongkong Electric was easier having changed hands at \$63, closing with sellers at this figure. Telephones (old) took a side from \$23.75 to \$22½, the new shares being on offer at \$9. Dairy Farms opened with sales at \$17½, but eased off to \$17.15 at the close. Apart from China Lights which changed hands at \$10/10.20, minor issues attracted little attention, though Providents (old) had enquiries at 30 cents. Hotels were obtainable at \$4.80 and Cements at \$5½. Sinceres in fairly good demand with business done at \$1.75/80, closing with sellers at \$1.85. Sterling counters were somewhat easier at the close, with Hongkong Bank offering at \$1300, buyers prevailing at \$1280. Unions came to business at \$537½. The tone of the market at the close is dull.

Business during the week has been done at the following prices:—
H. K. Banks, \$1300-1355-
Unions, \$537½.
H. K. Fires, \$230.
H. K. Trams, \$19.20/19.60.
Sinceres, \$1.75/1.90.
China Lights, \$10-10.20.
H. K. Lands, \$35-38.
H. K. Electric, \$63.
Dairy Farms, \$17½.
Antamoks, \$1-1/10.
Saladette, 15 cts.
Gold Rivers, 6 cts.
Ewos, \$510/10.30.
